Ear Worms is a regular listening circle/write-in, and a collaboration between the ICA Bookstore and *Worms Magazine* – a biannual literary style magazine that celebrates female and non-binary writer culture. Using immersive sound as a central point of departure, Ear Worms aims to use writing and deep listening as a community tool and encourages attendees to experiment with free-form, non-restrictive writing practises.

You will hear a selection of recorded music, and if unsure where to start with your writing/doodles – we encourage you to use the tracklisting on your leaflet as an initial reference for your session. If you would like to share anything with the group during the session, there is an open mic for you to do so.
